Turtle

A lifetime of information protection and storage in a compact 22" size!

M Meet the Turtle, the tough little 22" file from FireKing. It's the same fireproof file cabinet businesses all over the world depend on: in a space-saving 22" size just right for your home, personal office, or small business. Use it for: Tax Records ■ Insurance Records ■ Contracts

- Deeds ■ Personal Items – manuscripts, journals, etc.
- Accounts Payable/Receivable
- Any irreplaceable records or documents.

For safeguarding your valuable records and documents, no other 22" file gives you as much peace of mind as the Turtle's hard-shell protection.

Protects documents for at least one hour in temperatures of over 1700° F.

Exhaustive testing in temperatures and explosions of over 1700° F proves the Turtle is built to survive under the worst conditions. Its oven-dried, asbestos-free insulation

maintains this protection for a lifetime.

Impact-tested in 30-foot falls.

Because of its unique steel lattice reinforcement, insulation between drawers, and extra-thick steel panels, the Turtle will survive a loaded fall of 30 feet - and still keeps its contents safe in a fire.

We guarantee it. Like all FireKing files, the Turtle carries FireKing's exclusive Lifetime Warranty. And FireKing's perfect 40+ year record of fire protection. In fact, once your Turtle performs its job in a fire, we'll give you a new one - free.

Other features:

- Letter- and legal-sized filing
- Drawer suspensions that are guaranteed for life
- Recessed handles
- Replaceable panels

4R-1822-C: Four-Drawer Vertical Turtle

Accepts both legal- and letter-sized documents using a front-to-back or side-to-side filing system.

Dimensions: 52 13/16"H x 17 11/16"W x 22 1/8"D

Parchment color. Weight: 473 lbs.

2R-1822-C: Two-Drawer Vertical Turtle

The same as the four-drawer version, available in an economical two-drawer size.

Dimensions: 27 7/8"H x 17 11/16"W x 22 "D

Parchment color. Weight: 280 lbs.

Turtle Specifications

Fire And Impact Rating

The Turtle's Underwriters'-Laboratories "Insulated Records Container" classification includes a one-hour fire test of 1700° F, an explosion hazard test, and a 30-foot impact test.

Insulation

The Turtle's casting is of 100% gypsum insulation, dried in a low-temperature oven to reduce free moisture to less than 1/2%. Insulation is reinforced with 1" x 2" 14-gauge galvanized welded-steel wire; and insulation between all drawers makes each drawer a separate insulated container.

Steel Panels

All exterior Turtle steel panels are replaceable in the field in the event of minor damage.

Finish

An electrostatically applied powder coating makes for the Turtle's superior scratch, scuff, and stain resistance. Plus, a five-stage prefinishing treatment is provided for unmatched adhesion and rust resistance.

Drawers

Suspension: A precision ball bearing telescoping suspension, bayonet-mounted to each drawer body, is securely mounted with screws to metal posts in the Turtle file body (*All drawer suspensions are guaranteed for life*).

Drawer Bodies: Each Turtle drawer body is built with high sides for use with hanging folders – no additional frames are required. Drawers are suitable for both letter- and legal-sized filing (For letter-sized documents, use a front-to-back filing method; for legal-sized documents, use a side-to-side system. Lateral Turtles allow for two rows of front-to-back filing in each drawer, for which a special divider rail is included with each file).

Drawer Heads: Turtle drawer heads are formed of welded steel, and filled with gypsum insulation. This insulation is reinforced with welded wire for additional strength, and the drawer heads are designed for a tight interlock with the cabinet

frame – making the drawers extra-resistant to heat transfer.

Drawer Lock: A four-pin keylock provides general locking of all Turtle drawers.

Drawer Bypass: Works for all Turtle drawers. In its "up" position, a two-position drawer catch allows that drawer to stay unlocked while all others remain locked.

Drawer Pulls: Recessed for better space utilization.

Lifetime Warranty

All Turtles bear a lifetime warranty on all parts, including insulation and drawer suspensions.

Free Replacement Guarantee

If your Turtle is ever required to protect your information in a fire, FireKing will replace your Turtle free after it's done its job if any damage has occurred to its exterior.
