Custom Colors

Borroughs is a leader in color choices. Your choice does not stop with our standard colors. We have created and sold more than **3,000 custom colors**, all of which can be painted to order.

We also offer custom color matching. We will match new competitive or special finishes using our computerized paint matching technology. We provide a painted **metal** sample at no charge (limit five (5) colors per order) on all custom color requests. We use a metal sample so our customers can be sure that the sample accurately represents the production color they will receive.
